## GAMES AND AMUSEMENTS BOARD

The Games and Amusements Board is the government agency mandated to supervise and regulate the operations of professional sports and amusement games in the country. It was created as part of the government reorganization in 1951 pursuant to Executive Order 392 entitled "Further Reorganizing the Different Executive Departments, Bureaus, Offices, and Agencies of the Government of the Republic of the Philippines, Making Certain Readjustments of Personnel and Reallotments of Funds in Connection Therewith, and For Other Purposes."

As such, its organizational objectives are geared towards elevating professional sports to a level at par with the world's best, inculcating the value of honesty and discipline among its practitioners, and protecting the betting public, licensees and patrons who want to see exciting and entertaining games and championship series played in the true spirit of sportsmanship and fair play.

### ACCOMPLISHMENTS FISCAL YEAR 2019

#### I. Supervision and Regulation of Professional Sports

The Games and Amusements Board exercises supervision and regulation over the operation and conduct of professional sports and their activities in order to promote and maintain orderly, honest and fair conduct of games; provide protection to the betting public and patrons, practicing licensees in the professional sport concerned; and make professional sports activities a stable base for revenue generation.

In the fiscal year 2019, the GAB had issued a total of 1,536 permits authorizing the conduct of professional sports and operation of off-track betting stations, with an increase of 2% from last year. The detailed number of permits issued is as follows:

**Summary of Permits Issued per Sport**

<b>Sports</b>	<b>2018</b>	<b>2019</b>

<b>TOTAL</b>	<b>1,501</b>	<b>1,536</b>

From the number of permits issued in 2019, the GAB had approved and issued a total of 5,308 license applications from athletes and other professional sports practitioners.

<b>TOTAL</b>	<b>15,751</b>	<b>5,308</b>

**Note:** In 2018, the GAB had adopted a new policy in the licensing of professional athletes and other professional sports practitioners, wherein non-athletes' license validity was increased from one year to two (2) years, while, the validity of license of players or athletes remained one (1) year due to medical reasons.

The comparative details of number of licenses indicated in the Table above shows a significant decline from 2018 to 2019, the decline of which was due to the lesser number of applicants, resulting from the implementation of a two-year validity of license for non-athletes in 2018, wherein non-athletes' licenses remained valid up to 2019.

As can be gleaned from the table above, the cockfighting posted the biggest drop in number, for the reason that Cockfighting (international derby) personnel or licensees are all non-athletes.

## II. Revenue Collection for the Government

The Games and Amusements Board's income collection in the fiscal year 2019 reached P22,904,791.07. The collection in 2019 is lower by 34% compared to 2018. The significant decrease can be attributed to lesser revenue collection from cockfighting activities, particularly in license issuance, due to the new licensing policy mentioned in the preceding paragraph. The comparative records of revenues are as follows:

<b>Fund 101</b>
